

Board of Directors

Being on the Board of Directors entails:

⇒ **Attending all Board Meetings. These meetings discuss all aspects of our association:**

- **How it works**
- **How it can be improved**
- **Our financials**
- **Our relationship to Region or International**
- **What can we do for our members, etc**

You name it - we may discuss it. Our board is very active and committed to making sure that our association runs smoothly.

⇒ **Voting for issuances presented at the Board and/or general Meetings. This can encompass:**

- **Paying the bills**
- **Forgoing general meetings (this is generally because another meeting such as the Christmas Party or May Luncheon)**
- **Offering educational opportunities at a discounted rate to our membership**
- **Fundraisers**
- **And much, much more**

If you are a member and have never attended, please feel free to attend a Board Meeting so you can learn more about our association and offer suggestions.

Once the board has reviewed new and old business and works out any kinks, we often vote on it. During this process, we have a chance to propose new ideas to the board and if accepted, often times we then propose and/r recommend them to the membership at the General Meeting.

Board members are available to all members of the association for questions or comments. We are here to be of assistance.
